

Full Service Rapid Screening

SMALL TO MEDIUM SIZE BUSINESSES (less than 150 employees)

A first-class rapid COVID-19 screening service for small and medium sized companies in Waterloo Region who do not have the time or resources to develop screening programs for their business.

Goals

Prevent the spread of COVID-19 in your workplace by providing regular rapid screening for employees.

Give yourself and your employees peace of mind that they are safe at work and keeping their families safe.

Focus on running your business. Leave the details of rapid screening operations to us.

Implementation

A skilled site lead will visit your business twice weekly for approximately 2 hours per visit based on the number of employees at your company. Implementation will include:

- Ordering, pick-up and delivery of rapid screening kits
- Reporting required screening data to the Ministry of Health
- Reporting to HR/designated company contact
- Procurement and organization of PPE for screening area and site lead
- Room set-up/sanitization
- Instructing individuals on how to self-swab
- Administering rapid tests
- Disposal of bio-hazardous waste

Pricing Structure

1 – 50 employees: \$5,000 +HST

50 – 100 employees: \$6,500 +HST

100 –150 employees: \$7,500 + HST

- Minimum 3 month commitment
- Billed monthly

On-Site Training

Want to handle things yourself? We'll show you how! Schedule a **FREE 2-hour training session** at one of our StaySafe community screening sites. We will share operational procedures and best practices to help you start up and run a rapid screening program in your organization.

Are you ready to get started with StaySafe™ rapid screening?
